

| Item No. | Name                                            |
|----------|-------------------------------------------------|
| 1        | Cross oval head screw M5×20-L                   |
| 2        | Chuck                                           |
| 3        | Output shaft                                    |
| 4        | Steel ball Φ3                                   |
| 5        | Dust producer gasket                            |
| 6        | Impact spring                                   |
| 7        | Shaft jacket                                    |
| 8        | Circlip for shaft Φ12                           |
| 9        | Gear                                            |
| 10       | Circlip for shaft Φ8                            |
| 11       | Needle bearing HK0810                           |
| 12       | Shift fork                                      |
| 13       | Center support                                  |
| 14       | Oil proof gasket                                |
| 15       | Bearing 608Z                                    |
| 16       | Armature                                        |
| 17       | Carbon brush box                                |
| 18       | Carbon brush                                    |
| 19       | Bearing 607                                     |
| 20       | Stator with inductance                          |
| 21       | Switch                                          |
| 22       | Capacitor 0.22uf                                |
| 23       | Cable presser                                   |
| 24       | Cross recessed pan head tapping screws ST4.2×12 |
| 25       | Cable sleeve                                    |
| 26       | Cable                                           |
| 27       | Copper bush                                     |
| 28       | Left Housing                                    |
| 29       | Impact knob                                     |
| 30       | Reverse function                                |
| 31       | Right Housing                                   |
| 32       | Cross recessed pan head tapping screws ST4.2×16 |
| 33       | Inside Closing ring                             |
| 34       | Square nut M8                                   |
| 35       | Guage                                           |
| 36       | Outside Closing ring                            |
| 37       | Side handle                                     |
